Secret Torment of Bernard Minogue

KYLIE'S BROTHER IN DOUBLE GLAZING

SHAME!

Kylie Minogue's elder brother is so short of cash, he's been forced into employment as a Double Glazing Salesman.

The tragic plight of Bernard Minogue, 28, comes to light as kid sister Kylie currently sits proudly at the top of the pop charts-raking it in!

RAMPANT

Amazingly, Bernard feels little bitterness towards his super sexy temptress of a sister, "Oh sure she's a slapper all right, but you've got to admire her determination", admits Bernard. "I don't begrudge her any of the fame and fortune she's amassed, and I wouldn't want any of it-no sir, I can tell you. I'm quite happy selling Double Glazing thank you very much."

TEMPTRESS

Bernard, who was always closest to Kylie in the Minogue clan, then went on to reveal some astonishing secrets; "Well, when I go round to people's houses, I always tell them that we've got a special offer on uPVC aluminium frames, but to be honest, we haven't really-it's just one of the cunning ploys we use to get people interested, a trick of the trade if you like."

PERIODS

And what about Kylie? What was she like as a sister, did he ever see her in the bath? "Well, it's a question I'm often asked, but I can exclusively tell your readers that our hardwood frames do in fact have a variety of finishes-Rustic is very popular at the moment. Look, I'm not supposed to do this, but I can offer you a 25% discount if you sign here and now."

STAINS

Bernard, dressed in navy anorak and cords, and looking every inch a top superstar's brother, went on to reveal that he doesn't have very much in common with the curvy woodnympth Kylie. Apparently he doesn't wear skimpy hot pants and has never even snogged Michael Hutchence.

Bernard Minogue - Secret torment

Sister Kylie

He's also got a fair pair of tits on him and can sing a bit as well.

UNDERWEAR

So was there any family similarity at all between them? 'None whatsoever', replied Bernard, 'The uPVC aluminium variety gives you a much snugger fit and of course it means maintenance free windows for the next 10 yearsand that's a real plus when you consider the time people spend repainting frames, particularly if you've got 5 or 6 windows, which incidentally I can offer to you at cost price-and I'll bung in a free patio door as well. I'll probably get killed by my boss for this, you'll have to sign now though."

BRA

When pressed to admit that the whole Kylie Minogue bit was just a sad and pathetic attempt to establish a 2 way conversation prior to sales

pitch, Bernard was forced to concede; "Alright, I'll come clean. My boss probably won't kill me if I include the patio door, but the easy action locking handles and 2 years interest free credit really will get me into hot water-best if you sign now, just to be on the safe side."

PANTIES

We managed to track down teenage temptress Kylie in her Melbourne hideaway. Asked about Bernard, she confessed, "It's true, we had double glazing installed about 2 months agobut only because the Rustic finish was on special offer and we got a patio door thrown in for nowt. Anyway, turns out the bloke I bought it from is Tina Turner's brother,"

We apologise to readers who've read this far and expected to learn some vivid and lurid secrets from Kylie Minogue's pre-pubescent days. We did too. Bit of a fucking let down ain't it?

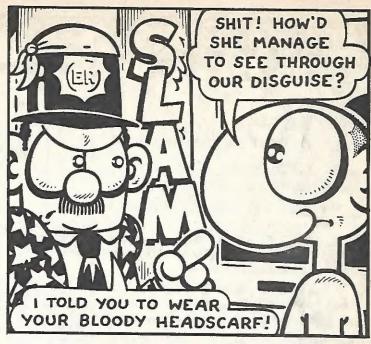

SORRY, I COULDN'T BRING I ANY MORE PEOPLE!

Our Champagne clairvoyant, Doris Dabble, has received a death threat from dead pop star Marc Bolan. Doris was in bed at the time with our very own stargazer extraordinaire Frankie Flame, rubbing her crystal and his balls when Bolan issued the threat.

Doris says, "He was raving mad from that Volvo advert in Issue 1 of ZIT. It was frightening. He threatened to sing me to death. I thought what a horrible way to go. I'd rather have oral sex with that Sun critic Gary Bushell, that's how scared I was,

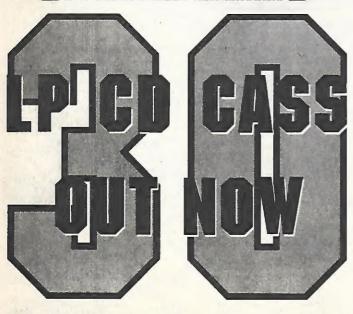

I tried to reason with him and offered to pay for driving lessons and an MOT should he ever be reincarnated. It said, 'Marc baby, I am sorry you were offended, but let's, be honest, your records offended millions of people.'

He went crazy, and what happened next was like something out of THE EXORCIST, my crystal ball shattered, Frankie wet the bed and the whole house shook. The ghost of Marc Bolan appeared in my bedroom foaming at the mouth, eyes bulging with a hi fi midi rack system and a stack of T REX records by his side. Luckily we were in the middle of a power cut so he couldn't plug in and carry out his threat to silence me for ever by boring me to death with his poxy records.

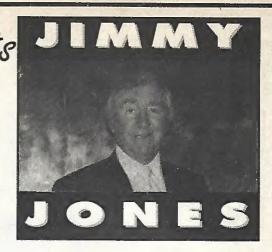

He left in a huff threatening to return soon. I've got news for Marc. I've got some heavy friends on the other side and the next time I talk to my old pal Al Capone, I am going to ask him to blow the bastard's legs off."

CARTER

THE UNSTOPPABLE SEX MACHINE

SOMETHING

So, there's this Irish fellow, up in court for fighting and the Judge said, "This is the fournteeth time you have been brought before me for an affray". "Afraid, afraid" said the Irishman, "I'm not afraid of nobody" "No, an affray" said the Judge. "What are you talking about, said the Irishman."

"You have been fighting" said the Judge. "Oh yes, if that's an affray, I have been affraying all over the place."

"I notice here" said the Judge "that you haven't worked for 2 years."

"No sir, I've been down the Job Centre but thay haven't got the job I am looking for." The Judge asked what sort of job he was looking for. He said, "I'd like to be an ozone layer."

The Judge said, "Look here, I'm sending you down to the Job Centre tomorrow and you take the first job that's offered to you, otherwise I am telling you now, I am putting you in prison for a year. Do you here me, first job or a year in prison."

"Sir, I'll take the first job they offer me, I will, I will."

Next day he walked into the Job Centre. "I've come for a job, I have, I have, I have." "Only got one, all yours, it's a Turkey wanker."

"What's a torkey wanker" asked the Irishman. "there's a farm just the other side of Hoddeston. A bloke's trying to develop a turkey with 5 legs cos every bugger wants a drumstick at Xmas."

The Irishman said "I'm not wanking torkeys - piss off. I don't wank myself, why should I wank torkeys."

He said, "Then you will go to prison for a year." "Oh no, I'll go and wank a few torkeys, but I'm not telling anyone I'm a torkey wanker. He got down there and the bloke said, "Are you the turkey wanker?" The Irishman said, "Yes but I've never wanked a torkey, have they got a dick?" He said "Yeah, you will find the turkeys round the back, here's a bowl, just give them a quick wank, shoot it in the bowl and bring it round to me."

So, he's gone round the back and all the turkeys have seen him and gone running up towards him going gobble, gobble, gobble.

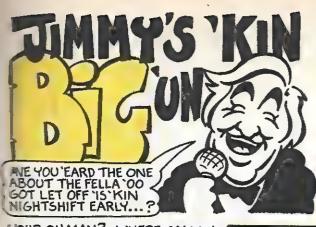

The Irishman said, "I'm giving you a wank and that's all you're getting off me."

The Lone Ranger told me this story. The indians had him 'kin pegged out at one time, his feet tied tied up and his trousers round his knees, they poured treacle all over his helmet so the ants would eat his helmet away because they heard he is a wanker and they wanted to stop him wanking, because without a helmet you can't wank as your hand keeps coming off the end.

They asked him if he had any last requests and he said "Yes, can I have a word with my horse."

The horse came over, put his head down beside him and he whispered in the horses ear. The horse neighed and then 'kin pissed off. He was back 5 minutes later with a bird on his back. This bird was 'kin stark naked, not a stitch on. She's just walked over to where the Lone Ranger was and dropped her Jack and Danny straight on his face - 'kin wallop. His hands are tied and he's fighting for breath - 'kin poor bastard. Well, I think she was enjoying it cos this went on for about 10 minutes. Typical woman, she got up and didn't even say thank you - it was worse than the woman who sat on Pinnochio's face and said tell me another lie. Got onto the horse and pissed off.

So they said, "Is that it?" and he said, "No can I have another word with the 'kin horse?" They brought the horse back and he said, "I said Posse!".

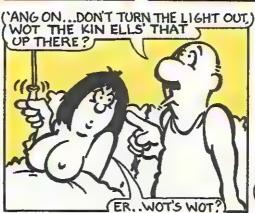

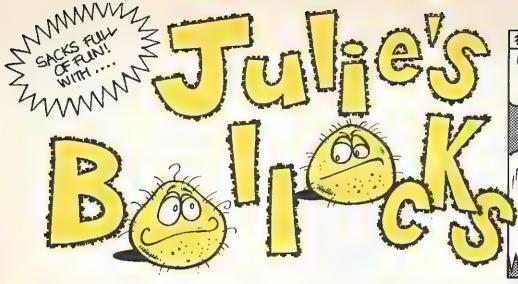

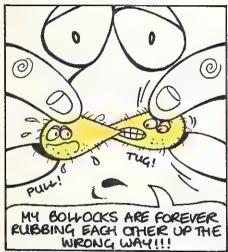

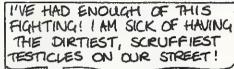

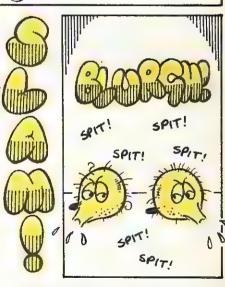

WE'RE GOING TO A FANCY DRESS PARTY TONIGHT! ANY MORE TROUBLE AND I'LL BE HAVING CRUSHED NUTS ON MY ICE-CREAM FOR A MONTH! GET MY MEANING! ?!

LIVE REVIEW

EMF

LONDON, Town and Country Club

SEX, STYLE, SUBVERSION

The band most likely to in the 90's. EMF possess everything you need for success, from songs with rousing melodies and every hook in the book (not to mention a few not even in yet) to tunes that linger forever in your consciousness. What more could they have going for them.

Answer, their most powerful asset, the streetwise and wonderful singer James Aitken, what a voice, what a delivery, the man is amazing. This band have been compared to the New Kids On The Block and the Stone Roses by some, myself included a few months back, but that was on the strength of only a short fleeting glance. Now I'm talking after a long hard stare, and to compare them with these second division wankers is almost an insult. No, let's be honest it is an insult.

The EMF sound and vision is more at home compared with such all time greats as T.REX, The Jam and David Bowie. Singer James is theatrical without posing and delivers his vocals in a clipped suburban drawl with a Bowieesque London twinge, emphasised on the last word of each line that matters.

Set highlights ranged from the current single 'I believe', which is so achingly powerful live it hurts, to the classic 'Unbelievable', one of the best pop songs I've ever heard. Like a cake baked in the Savoy, it contains all the right ingredients. Sheer perfection.

Musically, EMF are always tight, together and spot on, shining brightest as a unit on 'Long Time', which, when it's released, is as certain as night follows day, to be their third hit single in a row.

Whoever came up with the phrase 'you can get too much of a good thing' was a fool, an inarticulate wanker.

BOB DYLAN GLASGOW

I came to praise rather than bury, but even a man with an imagination as fertile as mine couldn't stretch words to make a bloated Bob Dylan sound halfway decent. To cut a long story short, and they don't come much shorter or uglier than this boring old bastard, he wasn't bad he was appalling.

He whined away like Perry Como on downers while his band made a noise like a fart in a space suit. For a man who's only got one song 'Like a Rolling Stone' he's certainly had an abundance of easy praise dumped on his horrible head. Tonight proved that, Dylan is just a tired old pretender, a third rate Poet with fourth rate songs playing to middle aged mums and hippies with their heads still in the 60's.

Dylan has all the charisma of a ruptured blow up doll. He shuffled on stage like a broken action man, and moved between songs like a demented, tormented, over weight hippy looking for his kaftan. Dylan was more corny than an OAP's Chiropodist Association. The dumb plum flashed his big bum and the housewives on hormones screamed like it was the Chippendales stripping or something. The best moment came when Dylan left the stage. Tonight he was a midget amongst an audience of pygmies.

VIDEO REVIEW

The Gary Glitter Story

(Channel 5 Video)

A comprehensive selection of TV appearances by the guru of teenybop Glam, the clown prince of pop, Gary Glitter, this is almost a perfect video. Taken from Supersonic, Top Of The Pops and a host of other tacky pop shows, this collection demonstrates convincingly that in his prime Glitter was beyond criticism.

How could anyone not like Gary Glitter. Throughout this video Glitter's performance is as tireless as his music is timeless. When the likes of New Kids On The Block and Bros are long forgotten, the songs of Gary Glitter will still sound sweet.

They survive because his music is purely physical, it's vulgar, crude, raw and exciting, it's as captivatingly theatrical as it's compulsively danceable. Rock'n'roll, 'I Didn't Know! Loved You', 'Oh Yes You're Beautiful', all the hits and more pour from this wonderful video.

If Glitter took himself seriously, you could crucify him. His real beauty is he never has. That's why he's as popular now as he was in the 70's. Long may the great man of Glam Rock reign.

TELEVISION

The Full Wax (BBC 1)

Ruby Wax is overweight, overpaid, over the top, and over here, BUT WHY? She ain't wiitty, she ain't pretty, all she is, is shitty, so why are the BBC spending all our dosh on this tubby lump of Yankee Lard.

Wanky Wax is like a female version of James Whale, I.E. a talentless tart with a big mouth and no brains. Her show is to originality what Saddam Hussein is to democracy. I'd rather watch paint dry than have to sit through one more minute of this tacky crappy show.

Lazarus And Dingwall (BBC 2)

The BBC have got a bloody cheek giving a comedy show to those lager louts from the Carling Black Label adverts. Lazarus And Dingwall is a joke but it isn't funny, it leaves a bad taste in the mouth like the poxy stuff they advertise.

Former soap stars including Leslie Grantham (Dirty Den) and June Brown (Dot Cotton are set to make their movie

An aide close to the former P.M. said, "Mrs Thatcher is prime T.V. material. It will be the most dazzling political soap ever, portraying a love story between a nation and it's leader. It will do for Britain what Evita did for Argentina." He said the movie will concentrate on the Falklands crisis,

debuts. Grantham will play the U.S. ambassador during the Falklands war and

Brown will play Glenis Kinnock.

MAGGIE THE MOVIE

A star studded £50 Million TV movie based on the life of former Prime Minister Maggie Thatcher is being planned. And pop superstar Madonna is tipped to play the leading role. The part of Dennis Thatcher will be played by outrageous black Amer-

ican comic Eddie Murphy.

President George Bush and Saddam Hussein have been asked to make guest appearances as themselves in the film, to be shown as a five part mini series. The project is the brainchild of Lorimar boss Aaaron Spelling, the man behind Dynasty.

the miners strike and the NIGHT OF THE LONG KNIVES when her fellow tories stabbed her in the back. Chief back-stabber Michael Heseltine wil be played by

stabber Michael Heseltine wil be played by Yorkshire Ripper, Peter Sutcliffe. The insider added, "It's at the planning stage now. But Hollywood is really buzzing."

RECORD REVIEWS

George Michael 'Heal The Pain' (EPIC) This sort of record is about as attractive as a herpes rash. It was a tailormade for divs who go on 18 - 30 Holidays, and people who think Jeremy Beadle is funny. How can someone who looks so cool make such a turkey of a record.

Morrissey 'Our Frank' (HMV)

This midtempo moronic mush makes Cliff Richard sound subversive. To sit through it once is to waste three minutes of your life. This is a record that truly amazes me, I had no idea that Morrissey sounded so much like water going down a plughole.

Madonna 'Crazy For You' (WEA)
She can't act, she can't sing, she don't write that great a song, but for some reason millions adore Madonna, and even I quite like her, although admittedly I'd rather sleep with her than play her records. Nice body, shame about the voice.

And we used to get drunken yobbos calling up when we were out and scaring the wits out of the babysitter."

Mrs. Michael adds * "They seemed to think I was his mother. One girl asked if I'd get a * pair of his underpants. Another girl wanted to know if he slept naked * on a big mirror.

HAVE NIGHTMARES .. SLEEP WELL, GOODNIGHT,

FEBRUARY 20TH TO MARCH 20TH

As ancient as the hills and as relevant to you as tomorrow's headlines, Astrology can be fun for everyone. Forget about Russell 'Slimline Tonic' Grant or Justin 'Frightwig' Toper, we give it to you straight, the lowdown on the REAL you. Each month our wild eyed stargazer writes an indepth Zodiac character portrait, plus predictions for the twelve signs.

PREDICTION FOR THE MONTH FOR PISCES

Well my dears, you attract attention, but try not to get too pissed and

wallow in self pity. Also remember that a fool and his money are soon parted, (and you can definately be foolish!). Sparks fly at home, so dodge the furniture as it's thrown at you... pursue artistic hobbies but draw the line at cutting your ear off.

CHARACTER PORTRAIT FOR PISCES-THE FISH

Your ruling planets are Jupiter and Neptune and traditionally you are the twelfth sign of the zodiac. Your tender, sensitive and tactful nature has given you the reputation of being an absolute bloody creep. If you are born under this sign, you were beaten up every day by the school bully, and you actually said 'thanks' as he repeatedly kicked you in the bollocks, tried to stab you, and forced you to do his homework. The average Piscean lives in a dream world, and they have a difficult time with reality; being prone to tearing up their Income Tax demands and then wondering why they get banged up to do porridge with Ernest Saunders and the 'Guinness Fraud' mob ... remember the silly sod on the football terrace next to you who burst into tears when his team lost? Yup, you've guessed, he was Pisces. What a prize plonker. He also

sneezed over you and blew his nose on your scarf. These people are losers who only enjoy snivelling, bitching and whining about their bad luck; and some of the most deceitful and treacherous bastards on this planet are born under the sign of the Fish... Fish by sign, Fish by nature; well dodgy. 'Snot', 'Puff', 'Blow', 'Tab', 'Spaced Out' and 'I'll have a treble' are words they use often, as they blunder through their aimless lives using drug and drinking binges to help them forget how stupid and utterly useless they are. There is a strong streak of paranoia too, I'm afraid. Pisceans are convinced that the CIA, the KGB and MI5 are tapping their phone, poisoning their drinks and trying to push them under a bus. Pisces, you are a total waste of space. Commit suicide immediately and do us all a favour.

PREDICTIONS FOR THE OTHER SIGNS

ARIES Mar 21-April 20 THE RAM

Try to relax, and you could be smitten with love and romance; rather strange for an overbearing hothead like you... you feel strangely cosmic; others will think you've flipped your wig. Far out, eh?

TAURUS April 21-May 21 THE BULL

Friends and acquaintances in focus; but pressure at work and also at home will make you feel like saying bollocks to everything... cheer up and be persistent, you can win the day, you beast you!

GEMINI May 22-June 21 THE TWINS

Career matters important now; you have lots of energy the 6th to the 8th March. Don't put your mouth into gear before your brain... your ego goes into overdrive but if you cheat at cards you'll get slapped hard. Twist!

CANCER June 22-July 22 THE CRAB

You feel utterly groovy for a change, and something will drop into your lap around 26th February - probably your dinner... you'll be argumentative. Beware of rivals screaming abuse and trying to hack you to death... very dodgy...

LEO July 23-Aug 23 THE LION

Enjoy the attention you get but don't take the piss, you bigheaded twat... your finances and also overseas trips are featured now, an overwhelming urge to bonk in a sunny climate consumes you. Pass the Sangria... Cheers!

VIRGO Aug 24-Sept 23 THE VIRGIN

Your energies will be flying in all directions, you have to lay down the law to prevent others walking all over you. Confrontations could be heavy, so either, a) practise Karate, or, b) practise running away fast. Good luck.

LIBRA Sept 24-Oct 23 THE SCALES

Partners important at this time; make sure that you don't strain yourself at work or when indulging in rampant rumpy-pumpy, you horny devil. Don't be scared to share secrets, even if friends laugh insanely at you. Tee-Hee...

SCORPIO Oct 24-Nov 22 THE SCORPION

You are popular- very briefly... then you must resist the temptation to whack the newsagent over the head because he short changed you by two pence. A journey is likely on March 14th, probably to the local 'Special Clinic'. Ahem...

SAGITTARIUS Nov 23-Dec 21 THE ARCHER

Crash bang wallop, you burn the candle at both ends, romance sizzles around the 26th Feb. Plenty of energy in early March; you bonk till you're like a ghost; eat plenty of protein. Avoid creditors, they want blood; yours! Ouch!

CAPRICORN Dec 22-Jan 20 THE GOAT

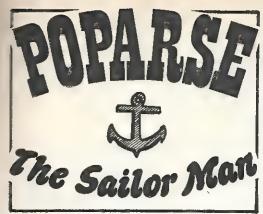

Poetic moods indicated, incredible though it may seem. Watch out for touchy situations, like flying bricks aimed at your head, exploding televisions, and people telling you that your ideas are pisspoor. Hold tight,

AQUARIUS Jan 21-Feb 19 THE WATER CARRIER

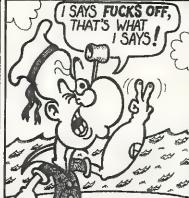

Get your act together on the financial front, your bank manager's piles are making him irritable... family meetings indicated also. Persuasive powers strong now, you could sell sand to an arab. You're restless and randy. Blimey!
